If patient **IS** for CPR - Last Days of Life Template not appropriate

Supportive information:

1. Look for and treat reversible causes of symptoms if it would benefit the patient at this time
2. If uncertainty exists, or expertise is required, obtain specialist opinion from consultant team experienced in the person's condition
3. If complex and/or uncontrolled symptoms, obtain advice from the Specialist Palliative Care Team
4. Check for an Advance Care Plan or Advance Decision to Refuse Treatment, and use it to guide care appropriately
5. Check for a Lasting Power of Attorney (LPA) for health and welfare who has the right to make decisions relating to life-sustaining treatment
   Click the link below for further guidance on LPA's
